

JĀSŌN®

SINCE 1959

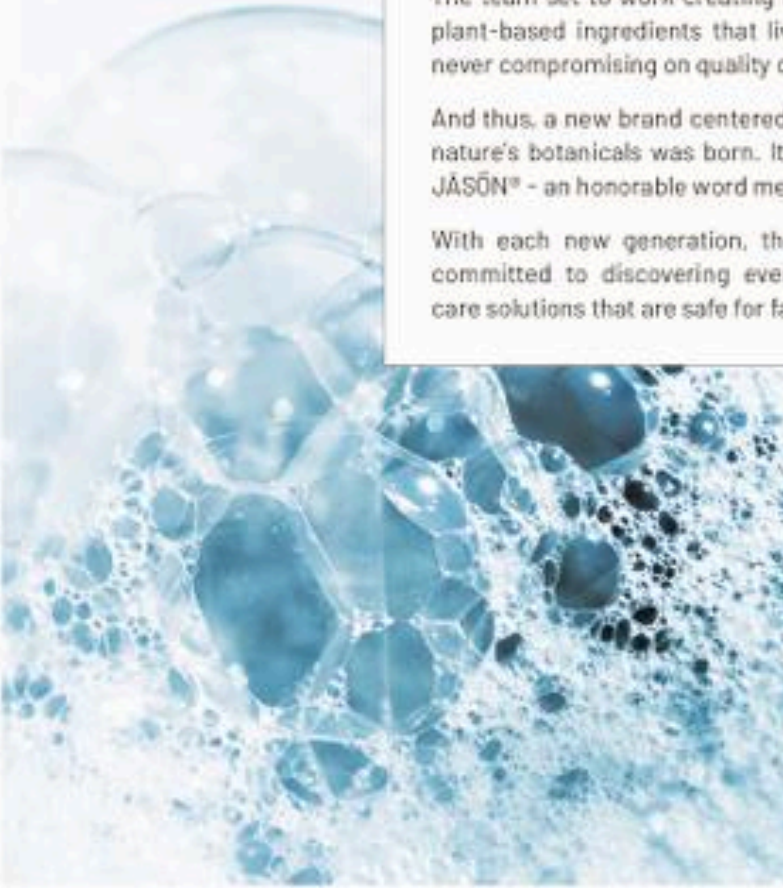

Jason believes in living authentically, exploring the unexpected, and celebrating nature's simple power. Wellness is their second nature, and has been since 1959.

This brand started when a group of independent thinkers set out to disrupt a quickly changing bath & body industry. This group harnessed their free-spirited California mindset, leading them back to simple, safe and gentler ingredients.

The team set to work creating body-loving products made with plant-based ingredients that lived up to their original mission, never compromising on quality or care.

And thus, a new brand centered around the restorative power of nature's botanicals was born. It only felt natural that they call it JĀSŌN® - an honorable word meaning "healer" in Greek.

With each new generation, the JĀSŌN® brand has remained committed to discovering even more ways to offer personal care solutions that are safe for families and friends.

Helps Minimize Visible Signs Of Skin Aging

Your inner radiance will come shining through, thanks to the deep long-lasting moisturization provided by this botanically-rich, daily crème. It effectively helps minimize the visible signs of skin aging. Rejuvenating Vitamin E replenishes lost moisture. Avocado Oil, high in essential fatty acids helps restore elasticity and resilience for smoother, vibrant, more youthful looking skin.

Make Bath Time Fun Again

Jason's specially formulated shampoo and conditioner is **tough on dirt, yet gentle on young, tender scalps and always tear-free**. A soothing blend of Chamomile and Marigold cleanses while Hydrolyzed Wheat Proteins smooth and strengthen your little one's hair. A bubble gum scent will make them smile. **Happy kids, happy hair.**
